Independent Auditors' Review Report

To the Board of Directors of TaiSol Electronics Co., Ltd.:

Introduction

We have reviewed the accompanying consolidated balance sheets of TaiSol Electronics Co., Ltd. and its subsidiaries as of March 31, 2024 and 2023, and the related consolidated statements of comprehensive income, changes in equity and cash flows for the three months ended March 31, 2024 and 2023, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

Scope of Review

We conducted our reviews in accordance with the Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" of the Republic of China. A review of the consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing of the Republic of China and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of TaiSol Electronics Co., Ltd. and its subsidiaries as of March 31, 2024 and 2023, and of its consolidated financial performance and its consolidated cash flows for the three months ended March 31, 2024 and 2023 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors' review report are Chen, Fu-Jen and Yin, Yuan-Sheng.

- (b) The impact of IFRS issued by IASB but not yet endorsed by the FSC

The following new and amended standards, which may be relevant to the Group, have been issued by the International Accounting Standards Board (IASB), but have yet to be endorsed by the FSC:

Standards or Interpretations	Content of amendment	Effective date per IASB
IFRS 18 “Presentation and Disclosure in Financial Statements”	<p>The new standard introduces three categories of income and expenses, two income statement subtotals and one single note on management performance measures. The three amendments, combined with enhanced guidance on how to disaggregate information, set the stage for better and more consistent information for users, and will affect all the entities.</p> <ul style="list-style-type: none"> ● A more structured income statement: under current standards, companies use different formats to present their results, making it difficult for investors to compare financial performance across companies. The new standard promotes a more structured income statement, introducing a newly defined ‘operating profit’ subtotal and a requirement for all income and expenses to be allocated between three new distinct categories based on a company’s main business activities. ● Management performance measures (MPMs): the new standard introduces a definition for management performance measures, and requires companies to explain in a single note to the financial statements why the measure provides useful information, how it is calculated and reconcile it to an amount determined under IFRS Accounting Standards. ● Greater disaggregation of information: the new standard includes enhanced guidance on how companies group information in the financial statements. This includes guidance on whether information is included in the primary financial statements or is further disaggregated in the notes. 	January 1, 2027

(4) Summary of material accounting policies:

(a) Statement of compliance

These consolidated financial statements have been prepared in accordance with the preparation and guidelines of IAS 34 “Interim Financial Reporting” which are endorsed and issued into effect by FSC, and do not include all of the information required by the Regulations and International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations and SIC Interpretations endorsed and issued into effect by the FSC (hereinafter referred to IFRS endorsed by the FSC) for a complete set of the annual consolidated financial statements.

For the related information, please refer to note 4 of the consolidated financial statements for the year ended December 31, 2023.

(b) Basis of consolidation

(i) Principle of preparation of consolidated financial statements

When the Group loses control over a subsidiary, it derecognizes the assets and liabilities of the subsidiary. The Group recognizes as gain or loss in profit or loss the difference between (i) the fair value of the consideration received ;and (ii) the assets, liabilities of the subsidiary at their carrying amounts at the date when control is lost, as gain or loss in profit or loss. When the Group loses control of its subsidiary, it accounts for all amounts previously recognized in other comprehensive income in relation to that subsidiary on the same basis as would be required if it had directly disposed of the related assets or liabilities.

The preparation of the consolidated financial statements, in conformity with the Regulations and IFRS Accounting Standards (in accordance with IAS 34 “Interim Financial Reporting” and endorsed by the FSC) requires management to make judgments, estimates and assumptions that affect the application of the accounting policies and the reported amount of assets, liabilities, income and expenses. (s) Employee compensation and directors' remuneration

The Company's Articles of Incorporation stipulate that if there is profit for the year, a minimum of 3% but not exceeding 15% shall be allocated as employee compensation and a maximum of 5% as director compensation. However, if the Company has accumulated deficits, the profit should be reserved to offset the deficit. The recipients of shares and cash may include the employees of the Company's subsidiaries who meet certain conditions.

For the three months ended March 31, 2024 and 2023, the Company estimated its employee remuneration amounting to \$5,660 thousand and \$1,103 thousand, and directors' remuneration amounting to \$2,830 thousand and \$1,103 thousand, respectively. The estimated amounts mentioned above are calculated based on the net profit before tax, excluding the remuneration to employees and directors of each period, multiplied by the percentage of remuneration to employees and directors as specified in the Company's article. These remunerations were expensed under operating expenses during the periods. If there is a difference between the actual distribution amount in the next year and the estimated figure, it will be handled according to the change in accounting estimates, and the difference will be recognized as the profit and loss of the next year.

TAISOL ELECTRONICS CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

The Company's employee remuneration in 2023 and 2022 was \$10,768 thousand and \$11,189 thousand respectively, and directors' remuneration was \$9,647 thousand and \$10,300 thousand respectively. The difference of \$750 thousand between the actual amount of remuneration for employees and directors in 2023, and the estimated amount of the 2023 consolidated financial report, was mainly due to the difference in the calculation of directors' remuneration based on the performance indicators. The Company has treated this difference as changes according to accounting estimates and recognized it as gains and losses in 2024. There was no difference between the actual and the estimated amounts in 2022.

1) Exposure of foreign currency risk

The Group's significant exposure to foreign currency risk was as follows:

	Foreign currency	Exchange rate	TWD	Foreign currency	Exchange rate	TWD	Foreign currency	Exchange rate	TWD

HKD		41	4.089	168	62	3.929	245	36	3.879	139

Since the Group has many kinds of functional currency, the information on foreign exchange gains (losses) on monetary items is disclosed by total amount. For the three months ended March 31, 2024 and 2023, the foreign exchange gains (losses) (including realized and unrealized portions) amounted to gains of \$32,208 thousand and losses of \$10,754 thousand, respectively.

2) Sensitivity analysis

The Group's exposure to foreign currency risk arises from the translation of the foreign currency exchange gains and losses on cash and cash equivalents, accounts receivable, other receivables, accounts payable and other payables that are denominated in foreign currency. A strengthening (weakening) of 0.25% of the NTD against all foreign currencies as of March 31, 2024 and 2023 would have increased (decreased) the net profit after tax as follows. The analysis assumes that all other variables remain constant. The analysis is performed on the same basis for 2023.

	<u>Effect of appreciation on net profit after tax</u>	<u>Effect of depreciation on net profit after tax</u>
March 31, 2024		
CNY (0.25% of appreciation or depreciation)	\$ 294	(294)
